

## LETTER OF ENDORSEMENT

To Whom it May Concern,

In our capacity as ACCM America, the first Mexican certification body accredited to provide ISO 21001 certification services, we are writing regarding the research project **VET21001 - A standardized practical toolkit to implement the European Quality Assurance Framework for Vocational Education and Training** and we would like to express our support for this project and our conviction that this applied research will be worthwhile, not only in Europe, but also beyond.

Supporting this project means ACCM America will contribute to the development and the dissemination and exploitation of the project intellectual outputs by:

- Collaborating in the development of the rules for the accredited certification scheme (IO4);
- Providing input knowledge for the validation of the EQAVET+ Toolkit (IO5);
- Disseminating the outputs of the project through our professional networks and media channels in Mexico and America.

Sincerely,
