

End-of-course satisfaction questionnaire  
Year 2022/2023

Dear Student,

the following survey is of great importance because it has the purpose of detecting your satisfaction about the quality of the educational offering in which you have participated, thus enabling us to improve it. It is therefore desirable to responsibly answer the questions you will find on the following pages according to the specific notes.

It is emphasized that some elements must be evaluated beyond one's own subjective condition. For example, anyone will be able to evaluate the "ease of reaching the facility" regardless of whether or not they use public transportation.

Finally, in expressing your opinion, keep in mind that "1" equals minimum satisfaction and "10" equals maximum satisfaction.

The data collected will be collected by E.RI.FO. and processed according to current privacy regulations.

*Thank you for your valuable cooperation.*
